About Us

Founded in 1992, Calm Waters Center for Children and Families is a nonprofit organization dedicated to helping children and families in their grief journey after a death, divorce or other significant loss. Calm Waters provides FREE support groups at our center and in schools, private grief counseling and consultation, co-parenting seminars and workplace crisis services.

Our research-based curriculum is designed to encourage you to share your experiences in a safe environment as you process grief and navigate feelings such as sadness, loneliness and anger.

Volunteering

Calm Waters support groups would not be possible without our volunteer facilitators. Volunteers must complete Calm Waters grief theory training and commit to a 6-month support group series (8 sessions total).
